

Coinratecap

Greenpaper

Introduction

Coinratecap provides a coin listing and token security analytics platform, currently integrating SocialFi activities for tokens listed, to promote and incentivize the community through participation.

Also, Coinratecap has made it her sole objective to empower her community; fostering sustainability, and building an inclusive and engaging community, and the launch of their native token \$CCAT is underway with mining ongoing. This strategic initiative is designed to promote transparency, enhance engagement, and incentivize community

About Coinratecap

Coinratecap is a token listing and analytics platform that aims to increase the visibility of potential valuable projects while engaging the community through incentives.

As a community-based platform, Coinratecap opens income avenues for a community of crypto enthusiasts.

CCCAT

Our Mission:

To enhance crypto project visibility and empower the community through rewards.

Our Vision:

To be the leading platform for discovering and supporting valuable projects globally.

Problem

The crypto space is flooded with numerous projects, making it hard for valuable projects to stand out and for the community to find meaningful engagement.

Solution

Coinratecap solves this by boosting project visibility and offering community incentives to encourage active participation.

Community Project Overview

Token Mining

Coinratecap's token mining app rewards the community for active participation and early adoption.

All token miners will be airdropped with a substantial amount of coinratecap tokens upon token launch.

Even after token launch, the token mining, learn to earn and many other activities will remain functional.

Community Project Overview

Share to Earn

We will integrate a minimalistic socialFi where token projects listed on Coinratecap will reward our community who share their project on Twitter. This reward will be given in Coinratecap token.

Benefits of uNFT

- ✓ **50% Share of Token Mining fees (Earn to infinity)**

50% of withdrawal fees paid by miners will be given to uNFT holders

- ✓ **Added to our ‘Trusted Circle’**

- ✓ **Revenue Sharing Priority:**

Holders of NFT tokens are eligible to participate in revenue-sharing mechanisms, enabling them to earn rewards as the platform thrives.
